"This business has been in our family for over 50 years and it was a difficult decision to sell. I greatly appreciated all the time you and your team spent with us to make sure all our questions and concerns were addressed. You were always there to guide us through this complex process. You have become a friend and a trusted advisor to me and my family."

Maury Friedman, President, LA Box Manufacturer

"Matt sold my manufacturing business and prepared all of the documents. We opened and successfully closed escrow within 3 weeks. I am pleased with the results and with how Matt handled all aspects of the transaction. I would highly recommend Matt to anyone looking to sell their business."

Chuck Asher, President, Thermal R&D Manufacturing

"After 25 years, I decided to sell my company and I underestimated what was involved in the selling process. When interviewing Matt, I was impressed with his experience and ability to close deals in this economic environment. He effectively closed my transaction and I don't know how I would have been able to sell my company without him. I can now retire peacefully."

Tim Foster, President, Specialized Testing Inc.
